GUARDS & PATROLS

### **Thought about a holiday security patrol service?**

*We would like to introduce you to **Victor Harbor Security - Specialist Patrol & Guard Services**. Victor Harbor Security operates a nightly Mobile Patrol Service incorporating 24hr Alarm Response exclusively to the Goolwa/Victor Harbor region to ensure timely response to local clients. We are "locals serving locals" since 2000.*

*Our team of experienced and dedicated security personnel are local residents who know the area and understand your needs. They are fully trained, screened, licensed professionals. Offering quality service, reliability and above all accountability; we have just introduced a "Guard Patrol System" an electronic site tagging system that enables the patrol officer to log visits via an electronic wand. The information is collected & downloaded to our office and can verify attendance at each site. Patrols can be tailored to your requirements.*

*Some of the reasons for engaging a patrol service are:*

- Physical presence to deter burglars & vandalism
- Site check - doors/windows, locked/secured. Ensure alarm system is armed.
- Optional internal inspection to ensure appliances - heaters, lighting etc are turned off.
- Welfare check - night staff leaving premises or or teens.
- Check car lots for unlocked vehicles and secure.
- Challenge/report staff or visitors onsite after hours.
- Fault reporting - lighting issues, hazards etc.
- Collect mail and clear out letterboxes.
- We can even arrange appropriate contractors to fix things while you are away.

Ask for Ray or Kerri for the right advice.
